 <p>INSTITUTE ON THE CONSTITUTION</p> <p>Study Manual</p>	 <p>INSTITUTE ON THE CONSTITUTION</p> <p><i>Would you hire a surgeon that never studied the human anatomy? Or hire a Pastor who has never read the Bible? Would you hire a builder that didn't know what the building code said? <u>Of course not!</u> Yet, we hire dozens of people in Delaware to administer our State government. They will swear an Oath of Office that states they will uphold and defend the Constitution of Delaware that most (if not all) have never read, let alone understand! How can we expect them to uphold what they don't know? We the People need to know the Delaware State Constitution. Learn the Delaware State Constitution in this a comprehensive study, and pass on your knowledge.</i></p>

I encourage you to take the Institute on the Constitution class to find out."</i></p> <p><i>Delaware 33rd District Representative Charles Posiles</i></p>
